## Gabriel

## **Rick Springfield**

Well, I guess I gotta go now
Saying farewell until the next time
But I know we'll meet againSeem so early to be leaving
Feel so tired just want to sleep now

Fade awayGabriel

Am I finished?

Trapped inside

You got me in it

Is it over in a minute?

GabrielGabriel

Am I finished?

Trapped inside

You got me in it

Is it over in a minute?

GabrielHear them in the distance

Singing so softly

Oh, so peaceful

Calling me onBeing drawn in ever closer

Down towards the cool, calm river

I can hear their songGabriel

Am I finished?

Trapped inside

You got me in it

Is it over in a minute?

GabrielGabriel

Am I finished?

Trapped inside

You got me in it

Is it over in a minute?

Gabriel
