

Broken Drum (feat. Fitz of Fitz & The Tantrums)

Cash Cash

My heart still beats like a broken drum
To the rhythm of a played out love song
Your voice still haunts like a melody
Even out of key it was still a song to me
Turn it on turn it up you're my radio
Every line got me hooked I can't let you go
Can we love can we live in the radio
Even out of key it was still a song to me
It was still a song to me
It was still a song to me
My heart still beats like a broken drum
My heart still beats like a broken drum
No I can't let you go
Go
No
No I can't let you go
Oh My heart still beats like a broken drum
To the rhythm of a played out love song
Your voice still haunts like a melody
Even out of key it was still a song to me
Turn it on turn it up you're my radio
Every line got me hooked I can't let you go
Can we live can we love in the stereo
Even out of key it was still a song to me
It was still a song to me
My heart still beats like a broken drum
My heart still beats like a broken drum
To the rhythm of a played out love song
Your voice still haunts like a melody
Even out of key it was still a song to me
