Come On Come On

[Jet](Jet)

Got my hands in your pockets, I'll take what I need
Heavy feet, I've been walking 'cause nothing is free
It's the end of the day, I don't hear what you say at allI got a mouthful of concrete in every meal
I got a fistful of nothing because nothing is real
It's the end of the day, I don't know how to feel at allHey man, you gotta understand, I got the world in my two hands
Hey man, I'm never going back, never going back
No shame, blood in my veins, I got one life and it won't change
Hey man, I'm never going back, never going back
This is what I sayCome on, come on, I don't need anyone
To tell me what to believe
Come on, come on, shout it out everyone
You can't tell me what to believeNow I am a young man, I see cracks in the steel
If they ask you to stand, well, they just want you to kneel
If you don't know what you want then you're just gonna have to take it allHey man, you gotta understand, I got the world in my two hands
Hey man, I'm never going back, never going back
This is what I sayCome on, come on, I don't need anyone
To tell me what to believe
Come on, come on, shout it out everyone
You can't tell me what to believePeople say the rain has come falling down
And everyone was talking, talking out the side of their mouths
(People, they was talking)
Talking out the side of their mouths
(People, they were talking)
Talking out the side of their mouths
(Talking out the side of their mouths)Come on, come on, I don't need anyone
To tell me what to believe
Come on, come on, shout it out everyone
You can't tell me what to believeYou can't tell me what to
Tell me what to believe
