

And I...

Wolfsheim

Hoping, feeling
I will come back to you
And hold you in my arms And I, I know you're wrong
But I can't change a single thing
It's like it's meant to be Inside I feared to find it
That you cannot stand the fact
I'm not in love with you And I, I've got the feeling
That I've really had enough
It had to end right here There was nothing left to lose
Despite the time we've spent
Nothing left for you And I still had the feeling
I won't find in you what I still sought
So what am I to do? And I, I know you're wrong
But I can't change a single thing
It's like it's meant to be And I, I've got the feeling
That I've really had enough
It had to end right here And I still had the feeling
I won't find in you what I still sought
So what am I to do? And I, I know you're wrong
But I can't change a single thing
It's like it's meant to be And I, I've got the feeling
That I've really had enough
It had to end right here
