

# Morphias Waltz

## The Gathering

I see your eyes  
Blue and wide open  
    Take your time  
    my divine creature  
    My arms will provide  
undivided attentionSleep, child sleep  
    rest your eyes  
    until the sun comes up  
    and you'll awake  
    to light, everyones day  
    up againRest your head  
    in my lap, honey  
    The day I wept  
is when I had you my loveSleep, child sleep  
    rest your eyes  
    until the sun comes up  
    and you'll awake  
    to light everyones day  
    up again
