

She's My Gal

Leon Redbone

Gal, you got everything I got.
Gal, you got everything I got.
We'll knock down windows,
 Tearing up walls,
Trying to get even with a girl I know.
 Ah, you got everything I got.
Knock me down, soon drag up again.
 You can knock me down,
 I'll soon drag up again.
We'll knock down windows,
 Tearing up walls,
Trying to get even with a girl I know.
 Ah, I'll soon drag up again.
She's my gal when she got good? what?
Yeah, when she got good? good what?
We'll knock down windows,
 Tearing up walls,
Trying to get even with a girl I know.
She's my gal when she got? [unintelligible]
 [instrumental break]
Gal, you got everything I got.
 You can knock me down,
 I'll soon drag up again.
We'll knock down windows,
 Tearing up walls,
Trying to get even with a girl I know.
 Ah, I will soon drag up again.
She's got ways to make a rabbit hug a hound.
She's got ways to make a rabbit hug a hound.
We'll knock down windows,
 Tearing up walls,
Trying to get even with a girl I know.
She's got ways to make a rabbit hug a hound.
She's got ways to make a preacher lay the Bible down.
 Hell make a preacher lay the Bible down.
We'll knock down windows,
 Tearing up walls,
Trying to get even with a girl I know.
She's got ways to make a preacher lay the Bible down.

Lay it down!
[instrumental outro]
