

# There Will Never Be a Better Time

## Desert Sessions

There will never be a better time  
There will never be a greater time If I could change, change everything  
Yeah, if I could change my name, learn to forgive  
Yeah, there's never been a better time  
Oh, I know there will never be a greater time Now have I looked, forgot, I'll lose my way  
Have I looked for you, I'll lose my place  
Kissing anything that comes my way  
Yeah, burning anything that will burn, yeah I wanna change, change everything  
Yeah, learn to change my name, learn to forgive  
But love, love passes me by in all wrong places, places  
Love passes me by, I'll lose my way  
I wanna catch them all
