Twist

Nathan Sykes

A rusty halo, with little horns
Flies above you
And I can't help but wonder, what's beneath
This feeling that keeps rising over me
Could it be
The bit of heaven, behind your smile?
It's so contagious
It's spreading through my body, my disease
It's beautiful, it kills me perfectlyOh, you're the one, you're the one, so incredible
Number one, number one, unforgettable
Oh, the way your body looks tonightGot my head in a twist
Oh baby, never knew you could move like this
Got my heart in a twist
Oh baby, it could break but you're worth the risk
Put it on my lips, I'm ready
Seal it with a kiss, strawberry
Got my heart in a twist
Oh baby, it could break but you're worth the risk
Seal it with a kissSemi-lonely, run around
A fallen angel is on the ground
Trap me in a spell
So magical I can't see no one elseOh, you're the one, you're the one, so incredible
Number one, number one, unforgettable
Oh, the way your body looks tonightGot my head in a twist
Oh baby, never knew you could move like this
Got my heart in a twist
Oh baby, it could break but you're worth the risk
Put it on my lips, I'm ready
Seal it with a kiss, strawberry
Got my heart in a twist
Oh baby, it could break but you're worth the risk
Seal it with a kissYeah, got me in a twist baby
Oh, you got me going crazy
Oh, you got me in a twist darling
Oh baby, oh you got me in a twist darling
Oh you got me going crazy, crazy
Oh yeahGot my head in a twist
Oh baby, never knew you could move like this
Got my heart in a twist

Oh baby, it could break but you're worth the risk
Put it on my lips, I'm ready
Seal it with a kiss, strawberry
Got my heart in a twist
Oh baby, it could break but you're worth the risk
Seal it with a kissOh, you got me in a twist baby
Oh, you got me going crazy
Oh
Seal it with a kiss
Oh, you got me in a twist, darling
Oh, you got me going crazy, crazy
Seal it with a kiss
