

# Waiting

## Black Lips

Time is running out  
you know I've gotta leave  
You're holdin on so tight  
that I can hardly breathe  
All I wanna do  
and what I try to say  
is we can make it through  
But then you tell me  
I will wait for you forever  
don't be gone too long  
'cause we're hanging on  
like we always do  
When it all goes wrong  
I remember that I'm  
lucky that I found you  
and after all that that we say and do  
I think you know it's true  
that I will be waiting  
that I will be waiting too  
The clock keeps ticking on

but I'll be coming soon  
I'm counting every minute  
down cause I miss you  
I'll be there for you forever  
Hanging on like we always do  
when it all goes wrong  
I remember that I'm lucky that I found you  
And after all that we say and do  
I think you know it's true  
that I'll be waiting  
I will be waiting too  
cause we're hanging on like we always do  
when it all goes wrong I remember that I'm lucky that I've found you  
after all that we say and do  
I think you know it's true  
that I'll be waiting  
I'll be waiting I'll be waiting for you  
(I'll be waiting)

I'll be waiting for you  
(I'll be waiting)  
I'll be waiting I'll be waiting for you for you
