Amelia

Dear June

I'm a stranger everywhere I go never learned to settle down
Kicking up dust and tearing up pavement and passin' through ghost town
This road he held me hostage and I was lookin' to get let loose
It was always easy lovin' till I laid my eyes on you

But I can't stay put when the road's the only thing I know
2x Ohhhh~

Every night I was a leaver
I had a girl a non-believer
How can you forgive me for leavin' you?
Ohhhh woah~

Goodbye AmÃ©lia
Lord knows I still feel ya
You're a thousand miles out there
Down this road
Goodbye AmÃ©lia
Ohhhh~
You're the only place that ever felt like home
Goodbye AmÃ©lia

Oh and I'll settle down
Oh I'll be there when my arrow points the right way
Well I'll settle down
2x Ohhhh~

Goodbye AmÃ©lia
Lord knows I still feel ya
You're a thousand miles out there
Down this road
Goodbye AmÃ©lia
Ohhhh~
You're the only place that ever felt like home
Ohhhh~
Goodbye AmÃ©lia
Lord knows I still feel ya
You're the only place that ever felt like homeï»¿
