

Beautiful Nightmare

Dead By April

Innocent - like a fairytale
It started with the blink of an eye
Wonderful - it had to be fate
But the indifference made us say goodbyeIt has come to an end now
It is time to say goodbye
Beautiful nightmare
Couldn't survive on the battlefield
But now I'm starting to heal
Beautiful nightmareLucky that we reached the top
As they say what goes up must come down
Happy? Couldn't be more wrong
I gave us the benefit of the doubtIt has come to an end now
It is time to say goodbye
Beautiful nightmare
Couldn't survive on the battlefield
But now I'm starting to heal
Beautiful nightmare
