

It's a Wonderful LIfe (Gonna Have a Good Time)

Fishbone

One, two, three, goThe ice was freezin'
My brother almost drowned
I jumped in to save him
On his way, way downThen it went black and I went in
Oh, what a wonderful life
The angels told me he'd get his wish
All my life was a twisted thingWe gonna have a good life
We gonna have a good life
We gonna have a good life
We gonna have a good lifeYou better keep on pushin'
No matter how broke you are
'Cause I'm broke down and I'm bankrupt
And you're ready to end it allWe gonna have a good time
Rockin' now to this beat
Just keep rockin' to scoop the pain
Oh, my God, here comes the painAngel made me numb
The angel made me void
Got thrown out of the bar
Then I wrecked my carGot socked in the jaw
Cussed out by my Mama
Someone stole my money
Screamed at by my honeyThings was gettin' worse
Things was gettin' worse
Things was gettin' worse
Things was gettin' worseWe gonna have a good life
We gonna have a good life
We gonna have a good life
We gonna have a good lifeCome on y'all
Let's boogie some more
My brains just hit the floorWe gonna have a good life
We gonna have a good life
We gonna have a good life
We gonna have a good lifeIt's a wonderful life
It's a great life
It's a wonderful life
It's a great lifeIt's so wonderful
It's fabulous
Oh, what a life
Oh, oh, oh what a lifeLord, Lord, what a life

What a life, man, it's a great, great life
Oh, I can't stand it to you, I can't stand this life
Take me away, take me, take meTake me now, take me home
It's a wonderful life, I'm going home
Send me, to my great, great, great, great life
My wonderful, wonderful life
