

# Hello World

## Junker Jorg

Traffic crawls, cell phone calls  
Top video screams at me through my tinted windows I see  
A little girl, rust red minivan  
She's got chocolate on her face, got little hands  
And she waves at me, yeah, she smiles at me  
Well, hello world, how you been?  
Good to see you, my old friend  
Sometimes I feel cold as steel  
Broken like I'm never gonna heal  
I see a light, a little hole, and a little girl  
Well, hello world  
Every day I drive by a little white church  
It's got these little white crosses like angels in the yard  
Maybe I should stop on in and say a prayer  
Maybe talk to God like he is there  
Oh, I know He's there, yeah, I know He's there  
Well, hello world, how you been?  
Good to see you, my old friend  
Sometimes I feel as cold as steel  
And broken like I'm never gonna heal  
I see a light, a little grace, a little faith unfurl  
Well, hello world  
Sometimes I forget what living's for and I hear my life through my front door  
And I'll be there, oh, I'm home again  
I see my wife, little boy, little girl  
Hello world, hello world  
All the empty disappears, I remember why I'm here  
Just surrender and believe, I fall down on my knees  
Oh, hello world, hello world  
Hello world
