

# Red Town

## Gentleman

Uh, Babe, Babe, Baby  
Come and let's take it all over the world  
As crazy as it sounds  
A love like this will probably never come around  
You'll never like it when I leave the compound  
But you'll be waiting when I come back to town  
Overwhelm me, what a great joy  
Yes, we are giving and we take joy  
This is for real, this a no fake joy  
And there is nothing that can destroy our loveCome mek we go paint the town red  
White sand, cool breeze and sunset  
The destination is freedom from stress  
That's the getaway, hm-mCome mek we go paint the town red  
White sand, cool breeze and sunset  
The destination is freedom from stress  
And we're trying to get awayWe got a lot of things to do, don't you remember?  
And you can put a getaway in the agenda  
Packing up cah, we'll be gone till September  
Let us sleep before dawn  
I pick you up by our spot, just by the corner  
Let me just finish up me draw of marijuana  
As I got the tank full of gas, ready to press gas  
And nothing can come in our way, no wayAs crazy as it sounds  
A love like this will probably never come around  
You'll never like it when I leave the compound  
But you'll be waiting when I come back to town  
Overwhelm me, what a great joy  
Yes, we are giving and we take joy  
This is for real, this a no fake joy  
And there is nothing that can destroy our loveCome mek we go paint the town red  
White sand, cool breeze and sunset  
The destination is freedom from stress  
That's the getaway, hm-mCome mek we go paint the town red  
White sand, cool breeze and sunset  
The destination is freedom from stress  
And we're trying to get awayWe leaving out the traffic and take the next exit  
But we won't leave any wishes on our checklist  
What a beautiful life, baby, check this  
Cah you will never see nothing so pretty 'pon your Netflix

We not see no obstacle we cannot conquer  
We view the journey short, even though we know it's longer  
And who Jah put together, no man can put asunderAs crazy as it sounds  
A love like this will probably never come around  
You'll never like it when I leave the compound  
But you'll be waiting when I come back to town  
Overwhelm me, what a great joy  
Yes, we are giving and we take joy  
This is for real, this a no fake joy  
And there is nothing that can destroy our loveCome mek we go paint the town red  
White sand, cool breeze and sunset  
The destination is freedom from stress  
That's the getaway, hm-mCome mek we go paint the town red  
White sand, cool breeze and sunset  
The destination is freedom from stress  
And we're trying to get awayCome mek we go paint the town red  
White sand, cool breeze and sunset  
The destination is freedom from stress  
That's the getaway, hm-mCome mek we go paint the town red  
White sand, cool breeze and sunset  
The destination is freedom from stress  
And we're trying to get away
