Its Gonna Get Worse

Subhumans

I don t like the way I m living
No one gives me any choice
You don t like the way I m singing
But all I got is my fucking voice
I can t get a word in edgeways
Surrounded by so many lies
They just treat us like subhumans
We re the people they despise
[Chorus:]
I m telling you it s gonna get worse...Always rising unemployment
Always debates on nuclear war
Do you think that any government
Gives a shit what we stand for?
Sometimes you wonder what to do
When you haven t got no cash
Better start thinking what you ll do
When your country turns to ash[Chorus]You can blame the fucking Tories
Every government s the same
They don t believe in the public good
Just in their financial gain
Then the bastards throw you out
And take your furniture away
Cos you can t afford the rent
Unemployment doesn t pay
