

# Meant to Be (feat. Meet Sims)

Chrisette Michele

For the first time I saw your face  
I knew my heart was in trouble  
And the first night I screamed your name  
I knew we found each other  
It was love that had taken us over  
Felt your touch as my eyes glazed over  
Yeah my heart beats slow, oh bless your soul  
I think we're meant for each other Baby I don't know how we fall in love  
Now, I don't usually do this  
Baby I don't know how we fall in love  
Now, I ain't used to the feeling  
Baby I don't know how we fall in love  
Now, I don't usually do this  
Baby I don't know how we fall in love  
Now, I ain't used to the feeling I love you so, I love you so much  
Don't wanna go without your touch  
I love you so, I love you so much  
I love you so, I love you so much  
Without your touch, I can't imagine  
You without my love will never happened  
Baby we were meant to be  
Baby we were meant to be Now it's go time and we're quick  
We're pacing and it ain't no race but we want it  
And it don't make no sense to wait  
We grow baby, be my lover  
Love will always win in the ending  
We'll be more than just friends forever  
Think I found my soul and we both know  
It's more than lust and the feeling Baby I don't know how we fall in love  
Now, I don't usually do this  
Baby I don't know how we fall in love  
Now, I ain't used to the feeling  
Baby I don't know how we fall in love  
Now, I don't usually do this  
Baby I don't know how we fall in love  
Now, I ain't used to the feeling I love you so, I love you so much  
Don't wanna go without your touch  
I love you so, I love you so much  
I love you so, I love you so much

Without your touch, I can't imagine  
You without my love will never happened  
Baby we were meant to be  
Baby we were meant to be 'Til death do us part  
May this feeling last forever  
'Til death do us part  
May this feeling last forever  
'Til death do us part  
May this feeling last forever  
'Til death do us part  
May this feeling last forever
