

Night Woman

Nazareth

She's a night woman of my dreams
And I saw her glidin' on a moon beam
Silver stardust in her eyes
In the way she leaves her sighs Last night I fell asleep
Thought I heard her voice begin to speak
My mind is in distress
On my cheek I felt her breath I could feel her body's warmin' glow
My frozen blood began to flow She's a night woman of my dreams
And I saw her glidin' on a moon beam
Comes, stays, then disappears
In the morning sun my vision clears I could smell the roses in her hair
But when I awoke she was not there Night woman of my dream
Night woman of my dream
She's a night woman of my dream
Night woman of my dream
