Night Woman

Nazareth

She's a night woman of my dreams
And I saw her glidin' on a moon beam
Silver stardust in her eyes
In the way she leaves her sighsLast night I fell asleep
Thought I heard her voice begin to speak
My mind is in distress
On my cheek I felt her breathI could feel her body's warmin' glow
My frozen blood began to flowShe's a night woman of my dreams
And I saw her glidin' on a moon beam
Comes, stays, then disappears
In the morning sun my vision clearsI could smell the roses in her hair
But when I awoke she was not thereNight woman of my dream
Night woman of my dream
She's a night woman of my dream
Night woman of my dream
