Stop And Stare

Fenech-Soler

I see you there like a light in the sky
Don't give up and I'll fight if you show me a sign
The monkeys and apes oh they're screaming cos they know it's time
The city it sleeps not knowing the reason whyAnd we Stop and Stare cos we don't know where we're going
I see the stars on the horizon, I told the lightI see you there like a light in the sky
Don't give up and I'll fight if you show me a sign
The world fills with darkness, no colour no reason to shine
We sail on this ocean, in search of the reason whyAnd we Stop and Stare cos we don't know where we're going
And we brave the cold; we try to hide our fear
And we Stop and Stare cos we don't know where we're going
I see the stars on the horizon, I told the lightAll I see is the flashing of light
I need to feel the heat. Don't give up the fight
I see your pain is rife. You're burning so bright
The castle sleeps, the archers take aim
I feel the fire do you feel it the same?
All I see is the flashing of lights tonightAnd we Stop and Stare cos we don't know where we're going
I see the stars on the horizon I told the lightAnd we Stop and Stare cos we don't know where we're going
And we brave the cold; we try to hide our fear
And we Stop and Stare cos we don't know where we're going
I see the stars on the horizon I told the light
