Penny

People In Planes

Taking on two
Two tasks at once
It's a hell of a time
To be stranded off the lineI'm a machine,
But I'm a funny color,
I'm a funny colorYour evidence
Of how an electric fence
Is a breakthrough
In self defenseIt takes
It takes what it takesI'm a machine, I'm a machine
But I'm a funny color,
I'm a funny colorIt takes
It takes what it takesI'm a machine, I'm a machine
But I'm a funny color,
I'm a funny color
