

Gentleman's Affair

The Game

[The Game]

See the bitches be wantin' a thug
And the ladies be wantin' a gentleman
If you don't wanna fuck wit a thug
I suggest you ride wit Ne-Yo

[Chorus: Ne-Yo]

This sex appeal
Can't be bought
It's not a skill
Can't be taught

This is a gentleman's affair if that's not you then please be off

This sex appeal
Can't be bought
It's not a skill
Can't be taught

This is a gentleman's affair if that's not you then please be off then please be off

[Verse One: The Game]

Fuck this old nigga whistlin' for?
Outside my door apartment 5B
While I learn to cook my first ounce of raw
Use to whistle while I work
She whistle while she twirk
Bitch bounce that ass while you roll that blunt it can't hurt
While you wet come out of that skirt
Bend over make it squirt
You can be my Superhead maybe we should try that first
Let me whistle while you jerk
Run my hand up ya shirt
If you wit it say you wit it let me hear my birdies chirp (we like it!)
Back shots make a bitch go berserk
The game will make it hurt
T-Pain know I'ma flirt (and we love it!)
Get ya ass up and fuck me then
I know you brought your girls
Girl fuck ya friends
Matter of fact I wanna fuck ya friends

Nah I ain't mean it like that, shit

[Chorus]

[Verse 2: Ne-Yo]

There's the door
Swags a standard
No less no more
If u have none
Let nezy know
Cause that's all they checkin' for
Flashin' paper
Player stop it
Swag is in you not in ya pocket
Try to buy
Ain't gone fly
Cause she want smooth
Gentleman life
She likes the way that everything
I do it so fresh and so clean
My tone is free no need to scream
Bounce like demeanor firmly

[Chorus]

[Verse 3: The Game]

Can't be about C-notes
She know my pockets deep enough to see a deep throat
But she won't see a dividend like 3 times ?
And that's triple X rated you know
My bitches only want the weed some X and some blow
Know not ask for the keys or no extra dough
I give em dick no dough
She give me shit she go
All she got was a baby and a Game logo
That was then this is now
Lift it up break it down
I go in she come out
That's when the pussy make the sound
It will never be the same
Every time when you fuck wit Game
Silk sheets long dick hot tub Lil Wayne
Like I ain't never ran from no pussy and I damn sure bout to pick a day to start runnin'
I said I ain't never ran from no pussy and I damn sure bout pick a day to start runnin'

[Chorus]
