

Busy Baby (feat. Nina K) [KANT Remix]

Tomas Barfod

Take their eyes out
Awful pale now
Another coming down
The world is a curse
Fingers bleeding
Hearts growing hard If you would go down
That's what I'll see
Standing here now
Like a mother
Closed eye to the sun
It's all inside there
When we make busy baby you'll understand
And all that mud will turn to gold in your hand
And you won't be afraid to fight it no less
You have the power, baby, say YES
When we make busy baby you'll understand
And all that mud will turn to gold in your hand
And you won't be afraid to fight it no less
You have the power, baby, say YES
Please don't take us
Out of the rain
Good love coming down
Over our skin
Ships won't take us
To our maker
We're your saving grace
Your safe haven
We're your fighters
Against the sentence
To a role in life
In play by men
Centimeters
From your embrace
We don't know your name
But heard it somewhere
When we make busy baby you'll understand
And all that mud will turn to gold in your hand
And you won't be afraid to fight it no less
You have the power, baby, say YES

When we make busy baby you'll understand
And all that mud will turn to gold in your hand
And you won't be afraid to fight it no less
You have the power, baby, say YES
say YES
say YES
say YES
