

# Breathe In

## naked superhero

I'm trying to breathe in,  
but I can't stop now!  
I'm trying to leave it,  
but I can't stop now!

There's a torchlight  
in the middle of the night,  
and it messed me up.  
It was a fake guide.  
Mrs. Madness is my bride,  
and she told me to stop.

Now I'm still searching  
and I'm still trying,  
trying to get home.  
And I'm still running  
and I'm still fighting,  
fighting to get strong.

I'm trying to breathe in,  
but I can't stop now!  
I'm trying to leave it,  
but I can't stop now!

I have lost sight  
of all the things that I have  
tried, but I won't give up.  
It's my last fight.  
Mr. Insistence is my guide  
and he told me to rock.

Now I'm still searching  
and I'm still trying,  
trying to get home.  
And I'm still running  
and I'm still fighting,  
fighting to get strong.

I'm trying to breath in,  
but I can't stop now!

I'm trying to leave it,  
but I can't stop now!

Now I have found the way  
to get what I deserve!  
I put that sins away,  
all the things that hurt!

I'm flying! I'm breathing!  
And I can't stop now!  
I'm running! I'm screaming!  
And shout out loud!
