

# Summertime of Our Lives

Cody Simpson

Everyday at twilight  
When the sun turns red in the sky  
I think of you on that shoreline  
Brushing the hair from your eyes  
We were drawing our names on the wet sand  
And running away as the tide rolled in  
Wherever you are, no matter how far  
I promise that I won't give up on you  
They say outta sight means outta mind  
But that couldn't be further from the truth  
'Cause I'm in love with you  
I'm still in love with you  
Even if there is an ocean  
Keeping your heart from mine  
That doesn't mean I'm not thinking  
About you all the time  
I'm counting the days till I see you,  
And somewhere I know that you are too  
Wherever you are, no matter how far  
I promise that I won't give up on you  
They say outta sight means outta mind  
But that couldn't be further from the truth  
'Cause I'm in love with you  
I'm still in love with you  
Oh oh oh  
We had the summertime of our lives  
Nothing has ever felt so right  
The summertime of our lives  
Even though, we had to say goodbye  
I know when the world gets wrong  
You'll come back to me  
'Cause wherever you are, no matter how far  
I promise that I won't give up on you  
They say outta sight means outta mind  
But that couldn't be further from the truth  
Wherever you are, no matter how far  
I promise that I won't give up on you  
They say outta sight means outta mind  
But that couldn't be further from the truth  
I'm in love with you  
I'm still in love with you  
I'm still in love with you  
No oh oh
