

Forever Rose

Ian Guerin

On a night of spring
The world came know
Dreams can become true
If you always hope

If you let go
True miracles can come
If you are, only you

On a night like this
But fifteen years ago
A star of wisdom came
& stroke over the globeâ€!

Bringing glory
& freeing evil souls
Being so tiny
But yet irreplaceable

Today sheâ€™s turned from kid to a teen
Today sheâ€™s turned to be fifteen
We have the stars & the moon
Cause today is the rise of youth
Forever rose
You are a miracle
Forever rose (on your night)

On a night like this
But fifteen years ago
Incomparable was born

Bringing joy to the world
Now lost in time
What a girl

If youâ€™re unselfish &
Find the way
Forever a miracle
Will come today

Forever rose
You are a miracle
Forever rose
To the sky, to the top, to the stars, to you
Forever rose
You are a miracle
Forever rose
To the sky, to the top, to the stars, to your night

Today she's turned from a kid to a teen
Today she's turned to be fifteen

Forever rose
On the stars
On your night
On you

Tonight but fifteen years ago!
