I can't seem to go anywhere
I lost my job, I cut my hair
I'm still the sameI can't seem to do anything
That doesn't cause me suffering
That's just my painSo Help me! Help me!
Help me! Help me!Everybody laughs at me
I fall asleep in class you see
I've no interest
I haven't got the time of day
To say the things I need to say
I'm so suppressedSo Help me! Help me!
Help me! Help me!Cuz I haven't got anybody but you
And I wouldn't want help from any one body but you(Instrumental)So Help me! Help me!
Help me! Help me!Cuz I haven't got anybody but you
And I wouldn't want help from any one body but youI can't seem to go anywhere
I lost my job, I cut my hair
I'm still the same
