

# Older

## Band Of Horses

Climb the cliff, Tower over all  
And falling water, falling waterfall  
And after all my plans  
They melt into the sand  
Yeah you will be there on my mind through all  
Don't want to understand why you never get older  
It's time to dry off tattered overalls  
Impatient waiting, Way to hide a fall  
And after all my plans  
They melt into the sand  
Yeah you will be there on my mind through all  
Don't want to understand why you never get older

And after all my plans  
They melt into the sand  
Yeah you will be there on my mind through all  
Don't want to understand why you never get older  
After all my plans  
They melt into the sand  
Yeah you will be there on my mind through all  
Don't want to understand why you never get older  
And after all my plans  
They melt into the sand  
Yeah you will be there on my mind through all  
Don't want to understand why you never get older
