

Two Time Mama

Ten Years After

Two time mama, don't you two time me
Two time mama, don't you two time me
'Cause if you need two
You can bet your life I'm using threeTwo time woman, don't tell me your lies
Two time woman, don't tell me those lies
I hear your voice but I'm looking right in your eyesTwo time mama, don't you two time me
Two time mama, don't you two time me
'Cause if you need two
You can bet your life I'm using threeTwo time woman, don't tell me your lies
Two time woman, don't tell me those lies
I hear your voice but I'm looking right in your eyes
