# Nothing in My Hands

I know what you're thinking
It's not what you want
I know what you're thinking
And it's not what you wantThey've taken your freedom
And they get away
They've taken your freedom
And they get awayNow justice is dead
Your justice is dead
Your justice is dead
Justice is deadThere's nothing in my hands
I told you, just what I got
There's nothing in my hands
I told you, just what I gotWe know what you're thinking
It's not what you need
We know what you're thinking
We know what makes you bleedThey've taken our freedom
And they get away
They've taken our freedom
And they get awayYour justice is dead
Your justice is dead
Your justice is dead
Your justice is deadThere's nothing in my hands
I told you, just what I got
There's nothing in my hands
I told you, just what I got(Face down on the ground)There's nothing in my hands
I told you, just what I got
There's nothing in my hands
I told you, just what I got
