Darling

Majozi

All my life I've been searching for your love
Only to find it's been staring right in front of me
Right where I could seeADVERTISINGSometimes life taste just like a bitter pill
Hard to swallow, but easy when I'm full of you
And all those things you doYou can call me babe and I'll call you darling
If that's alright with you it's fine by me
And I will play guitar and you can try to sing
You and I will write our own storyYou and I, well sometimes were worlds apart
But when were together we are one heart you see
Oh... in spite of meYou can call me babe and I'll call you darling
If that's alright with you it's fine by me
And I will play guitar and you can try to sing
You and I will write our own storyYou can call me babe and I'll call you darling
If that's alright with you it's fine by me
And I will play guitar and you can try to sing
You and I were always meant to be
