

# Where Would I Be

Smokie Norful

It feels so good to make it this far  
And I didn't think I could take it so long  
There were days I wanted to quit  
I said surely this is it but I held on And I watched as so called friends turn and walk away  
It hurt so much I didn't have words to say  
But even when my day turns to night and nothin' seems just right  
Lord, I thank You for, for my life For my life, Lord, I thank You  
For every victory in You I've seen  
And all the moments I know it was You who kept me  
So I thank You for, for my life And I watched you take my family from there to here  
And when times where a lil' rough, God, I know You were near  
And the moments I thought I'd fail, I was reminded of your nails  
So I held on And if I never live to see another day  
There is nothin' I would change or take away  
I've had so many ups that they far outweigh my downs  
Lord, I thank You for my life For my life, Lord, I thank You  
For every victory in You I've seen  
And all the moments I know it was You who kept me  
So I thank You for, for my life I realized some didn't make it  
I could've been one of the ones who lost my way  
And there was times, Lord, I knew I almost went crazy  
But I'm still here with my life For my life, Lord, I thank You  
For every victory in You I've seen  
And all the moments I know it was You who kept me  
So I thank You for, for my life It may not be all that I hope for  
And every dream has not yet been realized  
And to see Your face one day, God  
I know it's all gonna be worth it Yeah, yeah So I thank You, thank You for every mountain, every valley  
God, everythin' You brought me through, thank You  
I know, I know it was You  
Just wanna take the time to say thank You Jesus, for my life
