

Holdin' On

Nicole Willis & The Soul Investigators

Say Darling
In the morning of my daydream
Sunlight keep me warm and turning
How the people die and there somebody start crying
(Oh baby it's just started right now)
Why you didn't talk about it
Even hard to say a lil' thing
I keep telling myself that i'll never leave you here
(And i won't give i, my love)
If you go i will see you
Let me show the smiles for you
Say darling, say darling. It's all gonna be alright
Say darling, say darling. that words not to keep inside
Say darling, say darling. say please don't you giving up
It is the story of your life
Even you're not the angel
You don't have to stop believin
Just don't be afraid darling, you must dream a little better
no ow oow
Don't fear cause you'll never lonely
To making up all of the story
So, put your best smile on your face and let me know you brave
Cause i never let you go
Cause i never let you down
For one time you've been ever know
Anytime i will ever show
Hold my hand make sure its alright
Make it warm for a some cold night
Promise you onething that called hope
Something that people say it love
