

# I Want Back

Kierra Sheard

I want back...

I want back...

(Verse 1)

You probably think you have a hold on me  
But now I see the path to my destiny  
But little did you know that I'm a child of God  
But now your plans for me are going down the drain

(HOOK)

Did you think you would take me away from my God?  
(Yeah I slipped up, just a little bit, but did you think..)  
Did you think you would have me forever?  
Devil, you are a liar and I

(CHORUS)

I want back my money and all the things you took from me  
My family and all the things you ran from me  
You are a liar  
And now I want everything back!

(Give me my money) I want, want, want back  
(Give me my family) I want, want, want back  
(Give me all my things) I want, want, want back  
x2

(VERSE 2)

I learned a lot about you devil  
I know that you come to steal, kill and destroy  
You played your little games  
Now let's see if you can play my game  
Thine word have I hidden in my heart, know I already won.

(HOOK)

Did you think you would take me away from my God?  
(Yeah I slipped up, just a little bit, but did you think..)  
Did you think you would have me forever?  
God made me a promise and I

(CHORUS)

I want back my money and all the things you took from me  
My family and all the things you ran from me  
You are a liar  
And now I want everything back!

I want, want, want back  
I want, want, want back  
I want, want, want back

---
