

Take My Hand

[Matt Berry](#)

So take my hand
We'll disappear to above the sun, to far from here
Though I don't know you and you don't know me
I just had to talk to you, you see The arrogance, a foolish move
If you take a risk, your odds improve
See, you don't know me and I don't know you
I'm not weird or queer, my aim is true Everybody I know these days is boring me
Or ignoring me
But not you So take my hand
We'll disappear to above the sun, to far from here
Though I don't know you and you don't know me
I just had to talk to you, you see So say you'll come, please don't go
You could be the one for all I know
Well, I don't know you, though I'd sure like to
I can see the light, it looks like you So take my hand
