

Open My Eyes (feat. Utopia)

Todd Rundgren

All I want
Is written on my face
You're bound to find something
And all your words
That held me into place
Were nothing but lies
Another time
I might've watched the things I said
But I can't see
Somebody
Open my eyes for a little while, little while
Make me forget all the things I see
Till then, till then don't know what is happening
Till then don't know, don't care what I'm seeing
Stand and stare until I go blind
Will you open my eyes
Don't mind me
You know me inside out
That's the way that you left me
But you won't find me
Begging for a chance
To have you burn me again
Another time
I might've wasted all my words
To make you see
Somebody
Open my eyes for a little while, little while
Make me forget all the things I see
Till then, till then don't know what is happening
Till then don't know, don't care what I'm seeing
Stand and stare until I go blind
Will you open my eyes
Another time
I might've watched the things I said
Another place
You might've left me here for dead
Another time...
