

Together (feat. Lemon Jelly)

William Shatner

He says Phoenix
Pegasus
Grecian urn
Midwest turn
So much to learn Together She says our souls
Are warm
Lives
Reborn
From hearts
That were torn
Before before perform performs Together Together they say
A breath renewed
Everyday
With you Our arms
Are moved
We are not alone
Not unloved Together Our souls are warm
Lives reborn
From hearts that were torn
Before
Breath renewed
Everyday with you
Our arms our hold
We are not alone Together We're ready.
