War Machine

ACÏŸDC

You put your foot to the floor
Don't need no more
You've been diggin' all around
When you're messin' aboutBetter catch her name, come on in
Gimme that thing that thing gone wildWar Machine WAR MACHINE
War Machine WAR MACHINEMake a stand, show your hand
Calling a high command
Don't think, just demand
I'm like a bird of preyBetter catch her name come on in
Gimme that thing that thing gone wildWar Machine WAR MACHINE
War Machine WAR MACHINEBetter watch your back
'N cover your tracks
Kick your foot through the door
Hit the deck, know the score
They're taken by surprise
And here's mud in your eyeLet's erase the name
That you should have forgave
Call of the wild
Hurry for naught
That thing gone wildWar Machine WAR MACHINE
War Machine WAR MACHINEThat thing gone wildWar Machine WAR MACHINE
War Machine WAR MACHINEWar Machine WAR MACHINE
War Machine WAR MACHINE
