Easy

Real Estate

Back when we had it
So easy
I would surrender
CompletelyI built a shelter
For green beings
In the sun
In the sunAround in the fields we grow
With love for everyone
Dreams we saw with eyes of hope
Until that dream was doneI used to be
So confuse
Now you just want to
Say to youI was just floating
On an inner tube
In the sun
In the sunAround in the fields we grow
With love for everyone
Dreams we saw with eyes of hope
Until that dream was doneAround the fields we grow
With love for everyone
Those dreams we saw with eyes of hope
Until that dream was done
