Missing The Light Of The Day

Air

Partying all night long
Sleeping around
Waking up so lateMissing...
the light of the day
the light of the dayMixing bad people
Arguing with friends
Getting so much stress, getting so much stress,
Getting so much stress, getting so much stressMissing...
the light of the day (x2)the light of the day (x2)Partying all night long, partying all night long,
Partying all night long,
Sleeping around (x3)
Waking up so late (x3)
