

# Sepulchral Slaughter

## Exhumed

[musick & lyrixxx - Matt Harvey, 1998] From deep in the vault comes the sound of flesh cleaving, Limbs are  
sawed off

as mourners are bereaving, Sarcophagi splattered with offal and bile, Tripe  
drips down the walls of this crypt now defiled... Sepulchral slaughter... I  
slaughter my meal with sublime expertise, A mad butcher quite adept at my  
trade, Organs ground to pulp, to serve, chew and gulp, Now on my block your  
head is laid, Slaughtering the deadstock I chop, Formaldehyde oozes on the  
floor, Mangled limbs are hacked 'til they drop Leaving nothing but pure rotten  
gore... The blade is sawing the flesh that's for gnawing, Tender morsels of  
this human entre', The saw that is slicing my meal so enticing, Is a tool that  
I've used to slay... The crumbling casket now contains, Just graven gore and  
splattered remains, Intestines strewn throughout the site, A grisly massacre,  
the last fucking rite... Sepulchral slaughter...
