

Spinning Around the Sun

[Martina Sorbara](#)

Spinning around the sun
Making my way (my way, making my way)
 Round and round here i come
 It's a beautiful day (it's a beautiful day)
 Living, dying, laughing i'm trying,
 Dizzy but get it done,
Spinning around (i'm spinning around)It's a winding road, it's an uphill climb
 It's a distant dream, it's faith gone blind
 It's a far away shore, it's a twisted tale
 It's hit or miss it's swim or sail
 Just when you think you got it together,
There comes the sun in change in the weather,Spinning around the sun
 Making my way (my way, making my way)
 Round and round here i come
 It's a beautiful day (it's a beautiful day)
 Living, dying, laughing i'm trying,
 Dizzy but get it done,
Spinning aroundIt's complicated it's wonderful
 Unusually unusual
 It's predictable, it's unrehearsed
 It's common chaos here on earth
 Gravity in reverse
 I'm at home here in my universe

 Spinning around the sun
 Making my way (my way, making my way)
 Round and round here i come
 It's a beautiful day (it's a beautiful day)

 Dizzy but get it done,
Spinning around (i'm spinning around)Round and round and round and round and round and round and round
 roundSpinning around the sun
 Making my way
 Round and round here i come
 It's a beautiful daySpinning around the sun
 Making my way (my way, making my way)
 Round and round here i come
 It's a beautiful day (it's a beautiful day)
 Living, dying, laughing i'm trying,

Dizzy but get it, dizzy but get it done
Spinning around (i'm spinning around, spinning around, i'm spinning around)

Spinning around (i'm spinning around, spinning around, i'm spinning around)

Spinning around, (i'm spinning around) ooh ooh oooh (i'm spinning around)

Spinning around (i'm spinning around, spinning around)
