

The Man Who Laughs

[Rob Zombie](#)

Leave that boy behind
Convict of our trades
Steal the small ones
Carved and homemade
Transform children
Flesh and living slaves
Clowns and jesters are
The ones you can not save
The man who laughs
The man who laughs
Noble Jackals are
Banished from England
Pain of death proclaimed
King James' mighty hand
Cold and hungry
Tell me what's your name
I'm not laughing 'cause
I am Gwynplaine
The man who laughs
The man who laughs
