My Girl

Fletcher C Johnson

Hey little girl you might not know this song
This is not the kind of song that you can sing along to
Hey little girl
Maybe some day
Least that's what all the good people will sayHey little girl, look what you've done
You've gone and stole my heart and made it your own
You've stole my heart and made it your own
Hey little girl, black and white and right and wrong
Only live inside a song I will sing to youYou don't ever have to feel lonely
You will never lose any tears
You don't have to feel any sadness
When you look back on the years
How can I look you in the eyes
And tell you such big lies
The best I can do is try to show you
How to love with no fearMy little girl
You've gone and stole my heart and made it your own
You've stole my heart and made it your own
