Always never

Airliner

Strange town, shake down
Sink or swim
Old flames, stage names
Shed your skin
Always and never
We change like the weather
Long gone, house young
Memories
Closed doors, cold wars
You and me

Always and never
We change like the weather
When will you ever
make up your mind (come on) (x3)
Jaded, elated
Time of day
Time out, freak out
Games we play
Always and never
We change like the weather
When will you ever
make up your mind (come on)(x7)
