

Kiss Me

Tiffany Thornton

Kiss me tonight
I'm falling under
Kiss me forever Oh no, you don't need to be shy
Oh yeah, it'll work out just fine
So, kiss me tonight
What are you waiting for? Take my hand, let's dive in, to the sea of love
Take my heart, here's the start, right in front of us
We could be anything and it won't change anything so
Take my hand and we'll see when you kiss me Here we are, time is ticking away
Don't wanna see tomorrow
Oh no, I don't want this night to end
Oh yeah love is waiting to begin
Here we are, so what are you waitin' for? Take my hand, let's dive in, to the sea of love
Take my heart, here's the start, right in front of us
We could be anything and it won't change anything so
Take my hand and we'll see when you kiss me It's our ticket to love
Come on, I know you wanna hold me
You wanna show me but you kiss me tonight, ooh
Kiss me tonight
What are you waitin' for? Take my hand, let's dive in, to the sea of love
Take my heart, here's the start, right in front of us
We could be anything and it won't change anything so
Take my hand and we'll see when you kiss me Ooh ooh, yeah yeah yeah
When you you kiss me
Yeah yeah yeah
When you kiss me
