

Hit and Run

Girlschool

I was out in the cold
Alone in the night
How could I carry on?
Felt so empty inside All you gave me were promises
Nothing better than lies
Hit and run x4 Told me how it could be
Showed me how to believe
But I just didn't realise
It was all in my dreams
All you gave me were promises
Nothing better than lies
Hit and run x4 But I know better now
I've found another way
One thing I know for sure
I'm gonna live for today
Say goodbye to the bad times
Now I'm free on my own Say goodbye to the bad times
Now I'm free on my own
Hit and run x12
