Adelphia

How can this work out,
We bring each other down,
Somethings got to change, somethings got to change,
We all want the same, we all want the same

There is still hope (searching for an answer in another chapter)
Let's watch this grow (in another chapter, we will find the answer)
It's just another phase,
It's just another phase,
It's just another phase, this ends
We as one start again

Woah, Woah

We don't know, we don't know,
We don't know what the future holds,
If we don't jump, if we don't jump,
If we don't jump every stepping stone

This is it give or take, this is it make or break (woah, woah)
This is it give or take, this is it make or break (woah, woah)

There is still hope (searching for an answer in another chapter)
Let's watch this grow (in another chapter, we will find the answer)
It's just another phase,
It's just another phase,
It's just another phase, this ends
We as one start again

We as one start again,
We as one start again,
We as one start again

Woah, Woah

There is still hope (searching for an answer in another chapter)
Let's watch this grow (in another chapter, we will find the answer)
It's just another phase,
It's just another phase,
It's just another phase, this ends

We as one start again,
We as one start again
