

# Ars Moriendi

## Agent Ribbons

He who hears in the vast silence  
He who wafts on the red wind "In extremis"  
He who steals pearls from the ashes  
He who leaps across the precipice "Ride si sapis"  
'Ave atque vale' I shall rise again  
Bardo of the flesh So feast on me  
All my bones are laughing As you're dancing on my grave 'Ave atque vale'
