

An Angel

Izzy Lee

Yesterday was a day away, but today I still feel the same
It goes round and around again, itâ€™s like torture to my brain
As I look at your picture frame, remembering the good old days
It brings smiles and then tears to my face, my life will never ever be the same
When I took you home the other night, I swear I saw a sign, something in your eyes
Was you really trying to say goodbye?, coz stuff like this keeps playing on my mind
And it donâ€™t matter how hard I tried, this thing called â€˜timeâ€™ it wasnâ€™t on our side
And I donâ€™t really wanna cry, coz I donâ€™t ever wanna say â€˜goodbyeâ€™

You were the best thing that ever happened to me
I know you so well that I believe youâ€™re an angel

My headâ€™s twisted negative, where is my will to live?
I need to stay positive, if not for me at least for the kids
But sometimes I get so down, hits me faster than the speed of sound
Itâ€™s not like you just left town, I hope Iâ€™ve never let you down
And thereâ€™s nothing that I wouldnâ€™t do, to spend another day with you
Gonna make you so proud with what I do, and everything I do Iâ€™m gonna do for you
And I thank you eternally; youâ€™re the inner voice in me
And I will make everybody see, everything you believed Iâ€™d be

You were the best thing that ever happened to me
I know you so well that I believe youâ€™re an angel

Angels land then fly away, it happens almost everyday
I wish my angel was here to stay

You were the best thing that ever happened to me
I know you so well that I believe youâ€™re an angel

You were the best thing that ever happened to me
I know you so well that I believe youâ€™re an angel
