

Yes I Am

Demi Lovato

Verse 1:

Sexy lady

Knows what she wants out of life

See she got her own means

Doing whatever she likes

Feels good to have you

She don't need you

She can't depend on a man

After all that she's been through

She ain't running behind you

Trust me I know 'cause I am her

i got

(i got)

What I need

(What I need)

Right here

(Right here)

And to me

(And to me)

All that I need and I won't repeat it

Through the good and the bad
She's having the time of her life
